5/4/3/2-Thread Serging

Trims, seams and overcasts 3 times faster than traditional methods of sewing. Serge with 5, 4, 3, or 2-thread for all your serging needs.

Differential Feed

The differential feed mechanism has a single unit feed dog mechanism to ensure stronger feeding as well as more consistent gathering on all fabrics.

Accessories

Diana comes with the essential accessories to help you get the most out of serging.

Easy Color-Coded Threading

Provides simplified threading and precise tension control. By following the color-coded thread system, you'll have your serger threaded in seconds.

Chain & Cover Stitch

Diana can serge from a single chain stitch to a triple needle cover for all your decorative stitching and hemming needs.

Trim Bin

This handy trim bin attaches to the front of the serger and catches loose threads and fabric scraps to keep your work area neat & clean.
