

# Meet Jane

Jane may be sensible and straight forward, but she's anything but plain. She's entrepreneurial and business-minded with sturdy stitches for projects big and small. Jane has a plan to help you achieve your goals with a speed of 1,500 spm, large extension table and a pin feed mechanism for precise stitching. As a high-speed, straight-stitch machine, Jane lets you add variation to your garments, accessories, quilts and décor with adjustable stitch lengths and a variety of included and optional feet.

### Rotary Hook Bobbin

Bobbins are easy to access and change quickly. The thread cutter is built in.

### Precision Feed System

The Precision Pin Feed System makes it easy to sew on a wide variety of fabric thicknesses.

### Quick Threading System

QTS needle threader makes easy work of threading the needle.

### 8 Accessory Feet

Use professional techniques with this comprehensive collection of feet, including a 1/4" foot, free motion quilting foot and a walking foot.

### Hands-Free Knee Lift

Eliminate errors with the detachable presser foot lift, which raises the presser foot with a tap of the knee, leaving both hands free to quilt.

### Built-in Telescoping Thread Stand

This telescoping stand can handle even the largest spools of thread for any size project.
