

TinLizzie18 DLS

Large enough to meet your long arm quilting needs; small enough to know you personally.

The TinLizzie18 DLS is the flagship machine of our company! The famous digital Lizzie Stitch, 5-year warranty, oil reservoir, built-in bobbin winder, largest capacity bobbin, flexible lamp, needle up/down, laser light, pantographs, and ergonomic handles all make the TinLizzie18 DLS your best choice when considering a long arm quilter. With the 18" open area, all of the included features, and the highest quality, no other company can match our machine at such an affordable price.

TinLizzie18 DLS

Falcon Frame

The Falcon Frame is designed with home quilters in mind. Made of 13-ply laminated Baltic birch wood of the highest quality and strength, it's easy to assemble and expands up to 10 feet (120"). With Falcon you can create baby- to king-sized quilts in no time. Your TinLizzie18 DLS mounts easily on the carriage deck and glides smoothly for easy quilting. (1-1/4" conduit EMT pipe not included.)

Phoenix Frame

Phoenix is the frame specially designed for TinLizzie18 DLS. It's adjustable in height and stretches from six feet (72") to king-size/12 feet (144"). With TinLizzie18 DLS and Phoenix, size limitations are no longer an issue!

Lizzie Stitch

Your TinLizzie18 DLS model features soft-touch button controls on each handle with an LCD display. When you select the famous Lizzie Stitch mode on the LCD screen, your machine coordinates with your movements; as you move the machine it sews, when you stop it stops with you. With stitch regulation so precise, and stitching as small as 23 stitches per inch, the Lizzie Stitch allows for even the finest micro-stippling.

Auto Needle Positioner

Your TinLizzie18 DLS has the ability to stop in the needle up or needle down position, minimizing bent or broken needles and allowing free movement of the machine.

Built-In Bobbin Winder w/ Large Bobbin

Your TinLizzie18 DLS offers a built-in bobbin winder that winds while you quilt, so your next bobbin is always full and ready. It also features the largest available bobbin capacity, the M-size bobbin.

Flexible Lamp

Your TinLizzie18 DLS offers you light right where you need it! The flexible lamp bends in close for micro-stippling, and adjusts to the back for pantographs.

Oil Reservoir

Your TinLizzie18 DLS model requires little maintenance. The oil is self-contained so you no longer have to worry about oil on your quilts or oiling the hook with every bobbin change.
